SUMMARY OF GEOPHYSICAL SURVEY REPORT

**Report to Residents' Association on outline planning documents
(13/00140/OUT)**

Appendix 10.2 Geophysical Survey	Survey identified only 2 items of interest. A pit/ burn site in field 4 (fig.6D) and a large ring shaped area of 30m in field 13 (opposite the garden centre). It was described as being magnetically depleted, and therefore unusual. Described on p5. Shown in figure 10D p 36.
	Field numbering in the document changes e.g. F12 becomes F13
